About Us

Reliable Housekeeping & Industrial Manpower Services in Gujarat – Since 2015

At Milestone Manpower & Allied Services, we partner with organizations to enhance their workspaces, optimize operations, and maintain environments that foster productivity. Founded on 04 August 2015, we are a professionally managed company with a deep understanding of the industrial and commercial needs of today's businesses. Over the past ten years, we have established ourselves as a dependable service provider for companies across Vadodara, Sanand GIDC, and other industrial corridors in Gujarat.

Our strength lies in delivering polished, top-tier service with hands-on precision at every level. Our founding team comprises individuals with rich experience across various sectors, bringing together strategic insight and operational discipline. From industrial labor in manufacturing plants to daily housekeeping for corporate campuses, our mission remains to provide tangible value and total peace of mind.

1. Housekeeping Services

Why Choose Milestone's Housekeeping Services?

A well-maintained workspace reflects your company's values and contributes to a productive work culture. Our approach combines a highly trained workforce, customized cleaning protocols, and reliable supervision to deliver unmatched quality.

To understand the difference, we bring to the table, consider the following benefits of choosing Milestone:

- **Professionally Trained Manpower**
- **Customized Cleaning Plans**
- **Reliable Supervision & Quality Control**

By combining skill, adaptability, and accountability, we ensure your workplace remains clean, comfortable, and compliant at all times.

Scope of Housekeeping Services

We provide comprehensive cleaning and maintenance solutions tailored to various sectors, ranging from small offices to large-scale industrial facilities. Our services go far beyond basic sweeping and mopping to address every corner of your facility.

The following offerings form the core of our housekeeping service packages:

- **Daily Office Cleaning**
- **Industrial & Factory Cleaning**
- **Pantry & Restroom Management**
- **Periodic Deep Cleaning**

These services are customizable based on the intensity, timing, and sensitivity of your operational environment. Whether you need daily maintenance or monthly overhauls, we adapt our service matrix accordingly. From flexible contracts to environmentally responsible practices, we're committed to being the kind of partner you can rely on. Not just today but for the long haul.

2. Unskilled Labour Supply

Scalable Workforce Support to Power Industrial and Commercial Operations

In today's fast-moving industrial environment, the ability to quickly deploy efficient unskilled labor is essential for maintaining workflow continuity, meeting deadlines, and managing costs. Whether you require workers for a short-term project or need to build a long-term team, our labor solutions are designed to meet your specific operational needs while ensuring consistency and compliance.

We supply unskilled manpower in the following categories:

- **General Helpers and Loaders**
- **Factory and Warehouse Cleaners**
- **Packing and Sorting Line Workers**
- **Pantry and Housekeeping Assistants**

Industries We Serve

With over ten years of experience, Milestone Manpower has established itself as a trusted workforce partner for organizations across multiple sectors. We understand the unique labor needs and work environments of different industries.

Here are the key industries we regularly support with unskilled Labour:

- **Manufacturing Units**
- **Warehousing & Logistics**
- **Facility Management Firms**
- **Pharmaceutical and Chemical Plants**

3. Height Glass & Facade Cleaning

Professional Exterior Cleaning for a Polished First Impression

The exterior of your building is the first impression your company makes. Clean, gleaming façades and glass panels not only reflect your brand's attention to detail but also ensure the long-term structural health of your building. At Milestone Manpower & Allied Services, we specialize in high-rise building façade and glass cleaning services that restore, protect, and enhance the outer surfaces of high-rise buildings, commercial towers, industrial complexes, and corporate offices.

With over ten years of experience, we offer industry-compliant, eco-conscious cleaning that meets both aesthetic and safety standards.

Scope of Our Facade & Glass Cleaning Services

Every building is unique, and so is its cleaning requirement. From high-rise corporate towers to medium-height industrial units, we provide customized cleaning solutions utilizing the appropriate tools, techniques, and safety equipment.

Our services include the following facade and high-access cleaning tasks:

- **Exterior Glass Cleaning**
- **ACP & Cladding Panel Cleaning**
- **Stone, Concrete, and Tile Façade Washing**
- **Signboard and Canopy Cleaning**
- **Pressure Washing for Industrial Walls**
- **Glass Restoration Services**

4. Industrial Shed Inside Cobweb Cleaning

Ensuring Clean, Safe, and Efficient Industrial Spaces

Industrial sheds and warehouses are vital hubs for manufacturing, storage, and logistics. Over time, these large enclosed spaces accumulate dust, cobwebs, and debris that not only affect cleanliness but also pose safety hazards and reduce operational efficiency.

Our Industrial Shed Cobweb Cleaning Services

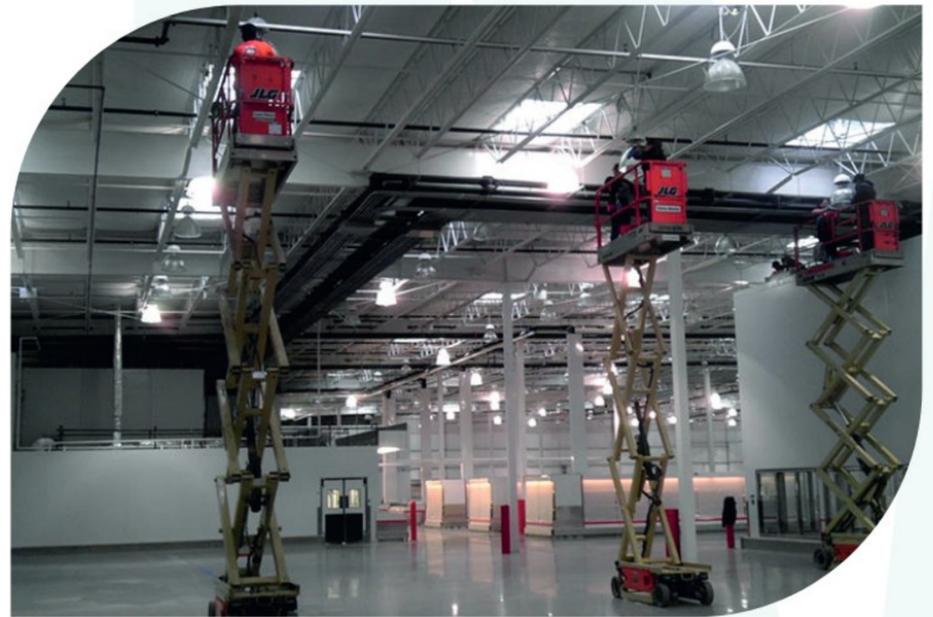

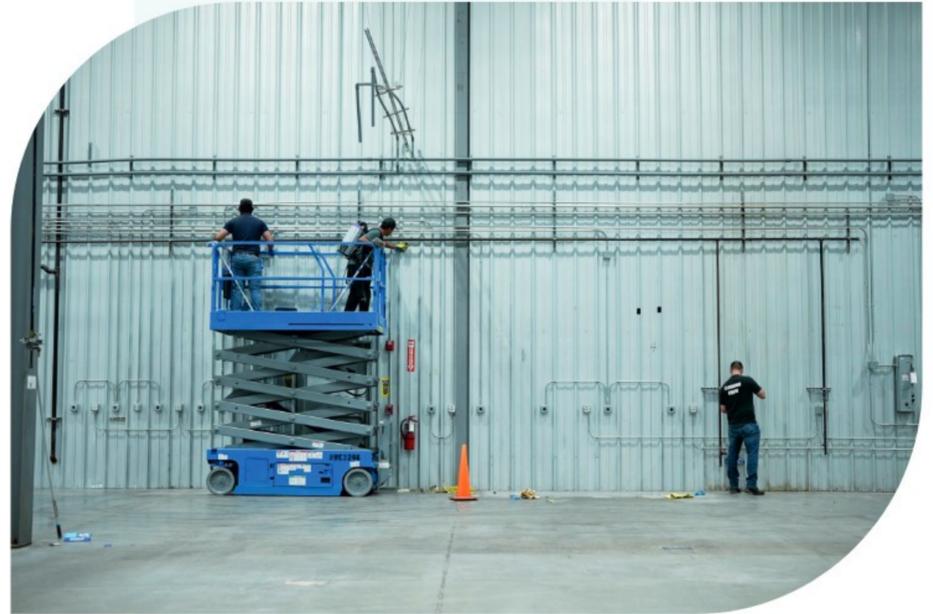

At Milestone, we understand the unique challenges of industrial sheds: high ceilings, large spaces, and complex structures. We offer a comprehensive approach using the right tools and techniques.

The scope of our cobweb cleaning services includes:

- **Ceiling and Roof Beam Cleaning**
- **Wall and Corner Web Removal**
- **Machine and Equipment Surroundings**
- **Lighting Fixtures and Ventilation Shafts**
- **Floor Sweeping and Dusting**

To perform this work safely and efficiently, our trained teams use:

- **Telescopic Cleaning Poles**
- **Non-Toxic Cleaning Agents**

5. Industrial Deep Cleaning

Revitalizing Industrial Spaces for Peak Performance and Safety

Industrial environments, such as factories, warehouses, and manufacturing plants, face constant challenges due to the buildup of dust, grease, debris, and grime. Over time, this accumulation can impair equipment efficiency, create safety hazards, and reduce overall productivity. Deep cleaning is crucial for maintaining a healthy, compliant, and operational industrial facility.

Our industrial deep cleaning service covers every aspect of your facility, tailored to your industry and operational needs. The following scope summarizes what we offer:

- **Floor and Surface Scrubbing**
- **Machine and Equipment Cleaning**
- **Wall and Ceiling Cleaning**
- **Ventilation and HVAC Cleaning**
- **Waste and Debris Removal**
- **Sanitization and Disinfection**

6. Garden Maintenance

Cultivating Beautiful, Healthy Outdoor Spaces with Expert Care

A well-maintained garden is more than just greenery; it's a testament to care and attention. It's a living extension of your workspace or facility, providing aesthetic appeal, improving air quality, and offering a peaceful retreat for employees and visitors. Whether your property features lush lawns, flowering beds, shrubs, or ornamental trees, consistent garden maintenance is essential for keeping your outdoor areas vibrant and healthy.

Comprehensive Garden Maintenance Services

Our garden maintenance solutions cover every aspect necessary to keep your outdoor spaces thriving and attractive. The following is an overview of our service offerings:

- Lawn Mowing and Edging
- Pruning and Trimming
- Weed Control
- Fertilization and Soil Management
- Irrigation System Maintenance
- Pest and Disease Management
- Garden Clean-Up

7. Industrial Water Tank Cleaning

Ensuring Safe, Clean Water Storage for Industrial Efficiency

Water tanks are critical components of industrial facilities, providing storage for process water, cooling systems, firefighting reserves, and potable water supplies. However, without regular cleaning and maintenance, these tanks can become breeding grounds for bacteria, algae, sediment buildup, and other contaminants. This compromises water quality, endangers employee health, and can damage equipment.

- Sediment and Sludge Removal
- Surface Cleaning and Scrubbing
- Disinfection and Sanitization

Documentation and Reporting:

Detailed cleaning reports, including before-and-after images and maintenance recommendations

8. Pest Control & Sanitizing

Safeguarding Industrial Spaces with Cleanliness and Control

Industrial environments are particularly susceptible to pest infestations and microbial contamination due to their size, operations, and high foot traffic. Whether it's stored goods, open warehouses, or shared facilities, maintaining a pest-free and sanitized workplace is crucial, not just for hygiene but also for reputation, compliance, and operational safety.

- General Pest Control
- Rodent Control and Baiting.
- Termite Control
- Mosquito and Fly Control
- Sanitizing and Disinfecting
- Warehouse and Storage Sanitization
- Customized AMC Contracts
